

# Entry Pass System

## THE PROBLEM

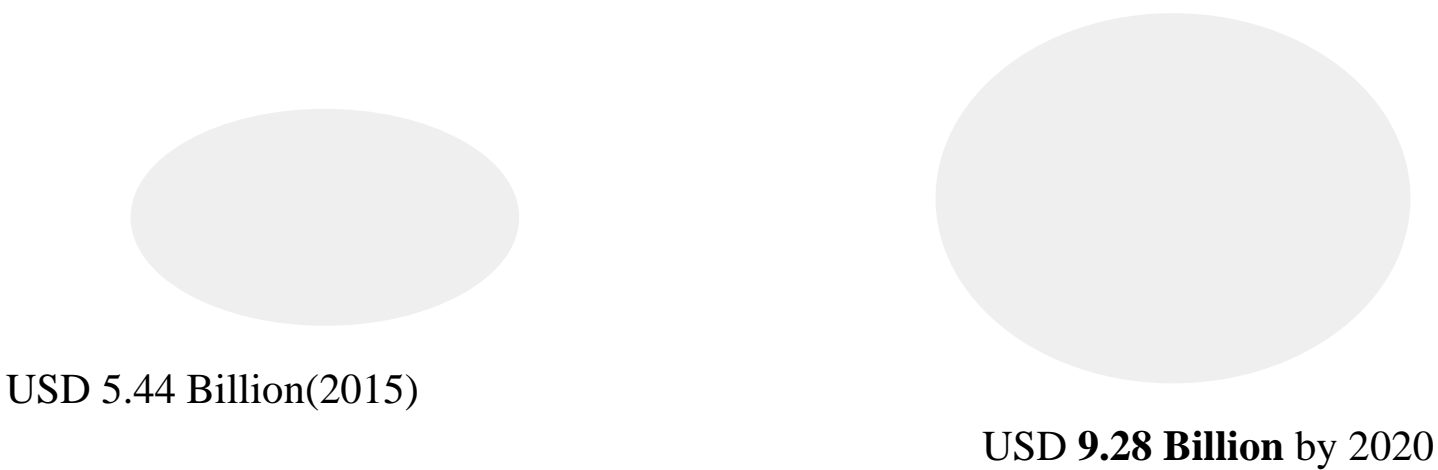

The idea of the software is to make easy way to give or Print an access pass to any kind of events, areas etc. (conference, faculty and so on)

## THE SOLUTION

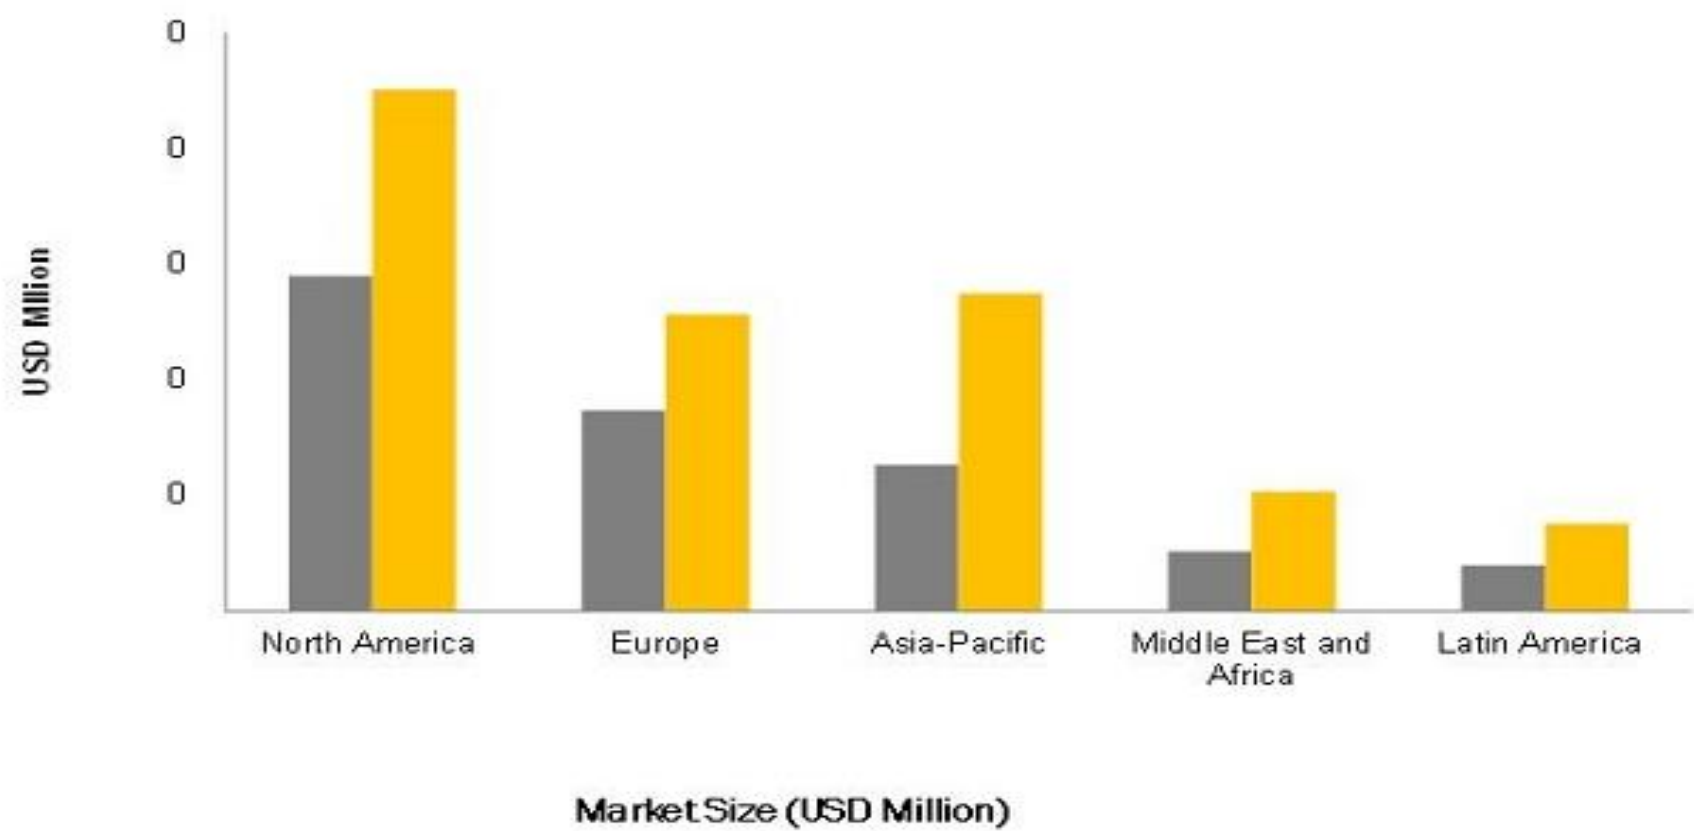

The Solution of Given problem is below:

Using our software, person should be able to enter his/her details in the system, enter the location where he/she needs to enter, pay for access and the print unique entry pass.

# THE MARKET SIZE & REVENUE FORECAST

Annual Growth Rate - 11.3%

# COMPETITION

---

Some of available software in market for Event :

123ContactForm :-

In its free version, this platform creates event registration forms. For one user, it includes five forms, with up to 10 fields in each. We are also limited to collecting 100 submissions each month. To get payment module, we have to upgrade for platinum/diamond version.

AnyTime: -

create event invitations. Charges separate fee of \$0.99 plus 2.5% of the ticket price, with card processing fees.

Eventsbot :

Another software. To get automated invoice and online payments or remove ads, we'll have to upgrade to the premium version, which has a 2% per ticket fee (which can be added to the ticket price).

**Our idea is to deliver software which include all event related areas with easy to use features and can be used almost all kind of events conference, visiting faculties, teachers, hostels etc. Entry pass for all.**

# THE PRODUCT

---

A dark gray laptop frame with a white screen. The screen displays the text "Entry Pass System" in a bold, black, sans-serif font, centered horizontally and vertically.

**Entry Pass System**
